

MASTER SUPPLY AGREEMENT

Between Apex Manufacturing Group ("Customer") and Northwind Logistics Ltd ("Supplier")

Agreement No. MSA-2024-117. Effective date: 1 April 2024.

1. SCOPE

Supplier provides inbound freight, warehousing and last-mile distribution for the Customer's

Denver, Rotterdam and Singapore facilities.

2. TERM AND RENEWAL

The initial term is three (3) years, ending 31 March 2027. The agreement renews automatically

for successive one-year terms unless either party gives written notice of non-renewal at least

120 days before the end of the then-current term. For the initial term, notice must therefore be

given no later than 1 December 2026.

3. PRICING

Annual contract value is capped at USD 4.2 million. Fuel surcharges may not exceed 6 percent of

monthly invoices. Prices are fixed until the first renewal.

4. SERVICE LEVELS

Supplier must achieve on-time delivery of at least 97 percent each calendar month.

If on-time delivery falls below 97 percent, the Customer receives a service credit of 2 percent of that month's invoice value for each full percentage point of shortfall, up to a maximum credit of 10 percent per month.

Three consecutive months below 92 percent is a material breach.

5. LIABILITY

Supplier's total liability under this agreement is limited to USD 1.5 million per contract year, except for losses caused by gross negligence or wilful misconduct, which are uncapped.

6. TERMINATION

Either party may terminate for convenience with 180 days' written notice. The Customer may terminate immediately for material breach, including repeated service level failures as defined in clause 4.

7. DATA AND SECURITY

Supplier must hold ISO 27001 certification throughout the term and notify the Customer of any security incident within 24 hours.

Signed for Apex Manufacturing Group: Maria Chen, Chief Operating Officer.
Signed for Northwind Logistics Ltd: David Okafor, Managing Director.
